ABOUT ME

Motivated and enthusiastic fresh graduate with a passion for teaching and shaping young minds. Strong communication and classroom management skills, eager to begin a career in education and contribute to a positive learning environment.

EDUCATION

2017 - 2020

Madurai Kamaraj
University

Bachelor of Science (B.Sc)

Built a strong foundation in animal biology, physiology, genetics, and ecology. Gained practical experience through lab sessions, dissections, and fieldwork.

2020 - 2022

Tamil Nadu Teachers
Education University

Bachelor of Education (B.Ed)

Specialized in Science Education with training in pedagogical methods, classroom management, and educational psychology. Completed school internship with hands-on teaching practice.

2022 - 2024

Mother Teresa
University

Master of Science (M.Sc)

Currently pursuing postgraduation with focus on advanced topics such as animal biotechnology, developmental biology, and environmental science. Actively involved in seminars and research projects.

PROJECT

2023- 2024

Mother Teresa University

Diversity of Avifauna in Selected Ponds at Madurai District

- Conducted a detailed survey and documentation of bird species inhabiting selected pond ecosystems in Madurai district.
- Identified and recorded seasonal variations in bird populations and their ecological behaviors.
- Analyzed habitat preferences, food availability, and human impacts on avian diversity.
- Utilized field observation techniques, binoculars, and bird identification guides for accurate species recording.
- The project highlighted the ecological significance of freshwater habitats in sustaining local biodiversity.
